JUNE

June 4

SCOTTSVILLE, VA & THE HATTON FERRY - Our visit to Scottsdale, VA will include a ride on the Hatton Ferry, the last pole operated ferry in America. America moved west on these ferries and it is only fitting that the last one is still working on America's River, the birth place of the first permanent English settlement, Jamestown on the James River. The ferry has crossed the river for over 140 years. It has carried farm products, the mail and vehicles both horse drawn and motorized from Buckingham County to Albemarle County and back. This is living history worth saving for future generations.

THERE WILL ALSO BE TIME TO VISIT CANAL BASIN SQUARE, AN OUTDOOR TRANSPORTATION HISTORY PARK. We will make a stop at Leewayside Village located in historical Buckingham County. The Historic Village was ten years in the making and finally opened on September 20, 2007. It is located on 40 acres and owned by Historic Buckingham, Inc. The historic significance of the property is that Rose Cottage was a stagecoach stop and it's the spot where General Robert E. Lee camped on his way back to Richmond two days after the surrender at Appomattox. At the present time, the Village consists of the following structures: tobacco barn, slate company office, general store, corn crib, smoke house, one room school, post office, slate roofed privy, a colonial garden, and a pen for small animals. There is a beautiful nature trail, roughly 1/2 mile long, with questions and answers all along the way. All the buildings were physically moved onto the land to create a Village. There is also a family cemetery of the Word/Shepherd family located on the property that HBI is caretaker for. * Tour Includes: Admission to all attractions, box lunch, dinner at Golden Corral in Lynchburg, VA, TourStart Breakfast* Price Per Person: \$55.00
